INSPIRATION.

Inspired by the ‘New Wave,’ the Fall/Winter collection combines elegant day-to-night shoes and comfortable footwear for fighting the cold in style. The concept ‘New Wave’ is inspired by the French New Wave (La Nouvelle Vague) an art movement that emerged in the 50s, characterized by its rejection of traditional conventions in favor of experimentation and a spirit of nonconformity.

INSPIRATION.

I am finding new approaches to styling, visual expression, narrative, and engagement with a new identity. I bestow women with sophistication and confidence to seize the day with anticipation, excitement, and energy.

INSPIRATION

We have been longing for the heat on the skin and the salt in the air, craving the touch of the sand and exposure to the summery romance and holiday. When it comes to sweet summery days, we think of The Hamptons, Yacht Clubs, Dinner Parties, Stripes, and Bright Whites. Whatever comes to mind seems possible at this time of the year when everything is achievable, fearless, and exciting. And precisely because it's fleeting, it's the most memorable. That is what we want to bring in our SS statement.
